Professional Experience

Bank Teller

Chase | April 2021 - Present

Everyday I help customers with different transactions which could vary from helping with online trouble, fraud on their account, account maintance in general, and lastly deposits and withdrawls. I am also one of the few tellers who can open accounts for customers so I do that as well.

Cashier

Sam's Club | December 2018 - October 2019

In this role I mostly just was on the register helping customers check out, I would sometimes be at self-check out too. There were days where I would pick up some extra hours working the gas hut helping out with that as well!

• 815 Clepper Ln, Cincinnati, OH 45245

Education

High School Diploma in Web Page, Digital/Multimedia and InformationResources Design

Great Oaks Institute of Technology and Career Development | 2017 - 2019
This is where I got into web developement really heavy and found the passion for it that fuels me to this day! this is also where I obtained my certifications!

High School Diploma

I'm 23 with a love for innovation and tech, the world is constantly updating and it's exciting to keep up with all of it! One of my favorite hobbies is listening to podcasts may it be about tech, real estate, or self-improvment I love them all. if I had to pick my favorite coding language i'd say Javascript.

Thanks so much for your time!
